

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phil Liss
DOCKET NO.: 21-40876.001-R-1
PARCEL NO.: 14-29-109-012-0000

The parties of record before the Property Tax Appeal Board are Phil Liss, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,875
IMPR.: \$88,125
TOTAL: \$135,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, mixed-use building of masonry exterior construction with 6,218 square feet of building area. The building is approximately 121 years old. Features of the building include a partial basement, central air conditioning, and a 4-car garage. The property has a 3,125 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 6,000 to 6,600 square feet of building area. The

buildings range in age from 95 to 118 years old. Three comparables each have a full or partial basement and one comparable has a concrete slab foundation. Each comparable has central air conditioning. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$62,520 to \$88,249 or from \$10.34 to \$13.43 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$69,331 or \$11.15 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,000. The subject property has an improvement assessment of \$88,125 or \$14.17 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 3-story, class 2-12 mixed-use buildings of frame or masonry exterior construction ranging in size from 4,701 to 5,895 square feet of building area. The buildings range in age from 127 to 140 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning. The comparables have improvement assessments ranging from \$69,125 to \$85,680 or from \$14.17 to \$16.10 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

In written rebuttal, the appellant pointed out the differences between the subject property and board of review comparables #1 and #3 in "living area" and construction.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration, none of which feature a garage, which is a feature of the subject. Nevertheless, the Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4 as well as board of review comparable #2 which are more similar to the subject in location, age, foundation type, and dwelling size with varying degrees of similarity in other features. These four comparables have improvement assessments ranging from \$65,125 to \$88,249 or from \$10.34 to \$14.17 per square foot of building area. The subject's improvement assessment of \$88,125 or \$14.17 per square foot of building area falls within the range established by the best comparables in this record on an overall improvement assessment basis and is equivalent on a per square foot basis with board of review comparable #2 which sets the upper end of this range. The Board gives less weight to the parties' four remaining comparables due to differences in dwelling size, basement finish, or foundation type when compared to the subject. After considering

adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
