

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Lawrence
DOCKET NO.: 21-40878.001-R-1
PARCEL NO.: 14-29-108-032-0000

The parties of record before the Property Tax Appeal Board are Scott Lawrence, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,500
IMPR.: \$104,437
TOTAL: \$150,937

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,744 square feet of living area. The home is approximately 10 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78 dwellings of frame exterior construction ranging in size from 2,574 to 2,916 square feet of living area. The homes are reported to range in age from 18 to 23 years

old. Each comparable has a full or partial basement, central air conditioning, and either one or two fireplaces. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$53,025 to \$69,417 or from \$20.60 to \$26.57 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$65,719 or \$23.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,937. The subject property has an improvement assessment of \$104,437 or \$38.06 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,584 to 2,760 square feet of living area. The homes range in age from 1 to 10 years old. Each comparable has a full basement with finished area, central air conditioning, and either a 2-car or a 3-car garage. Three comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$103,125 to \$120,000 or from \$38.84 to \$43.60 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #2, #3, and #4 which are more similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$103,125 to \$115,009 or from \$38.84 to \$41.67 per square foot of living area. The subject's improvement assessment of \$104,437 or \$38.06 per square foot of living area falls within the range established by best comparables in this record on an overall improvement assessment basis and below on a per square foot basis. The Board gives less weight to the appellant's comparables and board of review comparable #1 which are less similar to the subject in age than other comparables in this record and/or lack a garage, which is a feature of the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
