

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CTLTC #8002361637
DOCKET NO.: 21-41054.001-R-1
PARCEL NO.: 14-29-307-022-0000

The parties of record before the Property Tax Appeal Board are CTLTC #8002361637, the appellant(s), by attorney Kevin Fanning, of Fanning Law, LLC in Schaumburg; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,640
IMPR.: \$94,360
TOTAL: \$139,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story single-family dwelling of masonry construction with 2,634 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full finished basement with a formal recreation room, central air conditioning, three full bathrooms, one half bathroom, a fireplace and a 2-car garage. The property has an approximately 2,976 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparable properties with varying degrees of similarities to the subject that were located between a 0.10 and a 0.90-mile radius from the subject. The comparable properties are class 2-78 single-family dwellings that range in

size from 2,387 to 2,694 square feet of living area. The homes range in age from 22 to 31 years and have central air conditioning, full finished basements with a formal recreation room and three of the comparable properties had two-car garages. The appellant did not disclose the total number of floors for each of the submitted comparable properties.¹ The comparable properties have improvement assessments ranging from \$36.82 to \$51.87 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$91,552 or \$34.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,000. The subject property has an improvement assessment of \$94,360 or \$35.82 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparable properties with varying degrees of similarities to the subject that are located within a ¼-mile radius from the subject. The comparable properties are two-story class 2-78 single-family dwellings that range in size from 2,478 to 2,730 square feet of living area. The homes range in age from 2 to 16 years and each have central air conditioning, full finished basements with a formal recreation room and a two-car garage. The comparable properties have improvement assessments ranging from \$36.82 to \$51.87 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Prior to a scheduled July 14, 2025, hearing before a PTAB Administrative Law Judge the parties entered into a written agreement to waive hearing and have a decision rendered based on the previously submitted evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparable properties #2 through #4 submitted by the board of review and comparable properties #3 and #4 submitted by the appellant. These comparable properties were most similar to the subject in size, age, design and location, and had improvement assessments that from \$18.01 to \$48.93 per square foot of living area. The subject's improvement assessment of \$35.82 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and

¹ The appellant submitted photographs of the submitted comparable properties which appear to show that some are two story dwellings. Class 2-78 properties in Cook County are two-or-more-story residential homes up to 62 years old, with living areas between 2,001 and 3,800 square feet.

after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
