

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Guy Kedar
DOCKET NO.: 21-41439.001-R-1
PARCEL NO.: 15-09-115-023-0000

The parties of record before the Property Tax Appeal Board are Guy Kedar, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,948
IMPR.: \$10,768
TOTAL: \$13,716

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 899 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a crawl space foundation and a 1-car garage. The property has a 5,360 square foot site and is located in Bellwood, Proviso Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-02 dwellings of masonry or frame exterior construction ranging in size from 942 to 964 square feet of living area. The comparables are 71 or 97 years old and have crawl space or slab foundations. Each comparable is reported to have central air

conditioning and two comparables each have a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$10,344 to \$10,588 or from \$10.90 to \$11.10 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,716. The subject property has an improvement assessment of \$10,768 or \$11.98 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and on the same block or within a ¼ of a mile from the subject. The comparables are improved with class 2-02, 1-story dwellings of frame and masonry exterior construction ranging in size from 861 to 899 square feet of living area. The comparables are 61 to 68 years old. Two comparables have crawl space foundations and two comparables have partial or full unfinished basements. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$10,855 to \$11,971 or from \$12.07 to \$13.63 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size and/or lack a garage which is a feature of the subject. The Board gives less weight to board of review comparables #3 and #4 which have basement foundations when compared to the subject's crawl space foundation.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are identical to the subject in dwelling size and foundation type. These comparables have improvement assessments of \$10,855 and \$11,167 or \$12.07 and \$12.42 per square foot of living area. The subject's improvement assessment of \$10,768 or \$11.98 per square foot of living area falls below the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
