

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sammy Kumar
DOCKET NO.: 21-41447.001-R-1
PARCEL NO.: 10-33-108-026-0000

The parties of record before the Property Tax Appeal Board are Sammy Kumar, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,612
IMPR.: \$34,699
TOTAL: \$40,311

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,602 square feet of living area. The dwelling was built in 2009 and is approximately 12 years old. Features of the home include a full basement, central air conditioning, one fireplace and a 2-car garage. The property has a 5,612 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,848 to 3,120 square feet of living area. The homes

are either 49 or 51 years old. The comparables each have a full basement; however, the appellant did not address whether the basements had finished area. Each comparable has central air conditioning, one fireplace, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$34,881 to \$37,604 and from \$11.99 to \$12.25 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$31,536 or \$12.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,311. The subject property has an improvement assessment of \$34,699 or \$13.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,642 to 3,120 square feet of living area. The homes range in age from 4 to 49 years old. Three comparables each have a full basement, one of which has finished area, and one comparable has a slab foundation. Each comparable has central air conditioning and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$37,156 to \$48,198 or from \$11.99 to \$17.56 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2 which are most similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in foundation type, fireplace count, and other features. Nevertheless, these comparables have improvement assessments of \$37,384 and \$48,198 or \$14.15 and \$17.56 per square foot of living area, respectively. The subject's improvement assessment of \$34,699 or \$13.34 per square foot of living area falls below the two best comparables in this record. The Board gives less weight to the appellant's comparables which are substantially older homes than the subject. The board also gives less weight to board of review's comparables #3 and #4 due to substantial differences in age and dwelling size when compared to the subject. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
