

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Esther Calamaro
DOCKET NO.: 21-41460.001-R-1
PARCEL NO.: 10-22-101-011-0000

The parties of record before the Property Tax Appeal Board are Esther Calamaro, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,354
IMPR.: \$33,625
TOTAL: \$38,979

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,620 square feet of living area. The home was built in 1977 and is approximately 44 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 6,490 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78 dwellings of masonry exterior construction ranging in size from 2,818 to 3,099 square feet of living area. The homes range in age from 57 to 61 years old. The

comparables each have a full or partial basement; however, the appellant did not address whether the basements had finished area. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$28,681 to \$36,284 or from \$9.37 to \$12.03 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$29,527 or \$11.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,979. The subject property has an improvement assessment of \$33,625 or \$12.83 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,207 to 2,972 square feet of living area. The homes range in age from 51 to 54 years old. Three comparables each have a full or partial basement, one of which has finished area, and one comparable has a crawl space foundation. Three comparables each have central air conditioning, two comparables each have one fireplace, and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,222 to \$39,655 or from \$13.20 to \$14.60 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are overall more similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments of \$39,232 and \$39,285 or \$13.20 and \$13.76 per square foot of living area, respectively. The subject's improvement assessment of \$33,625 or \$12.83 per square foot of living area falls below the two best comparables in this record. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and/or dwelling size than other comparables in this record. The Board also gives less weight to board of review comparables #1 and #4 due to substantial differences from the subject in dwelling size or foundation type. After considering the various adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
