

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bobby Burleson  
DOCKET NO.: 21-41519.001-R-1  
PARCEL NO.: 14-32-425-001-0000

The parties of record before the Property Tax Appeal Board are Bobby Burleson, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,800  
**IMPR.:** \$51,636  
**TOTAL:** \$80,436

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story mixed-use building of masonry exterior construction with 2,156 square feet of building area. The building is approximately 126 years old and features an unfinished basement. The property has an approximately 2,304 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 1,360 to 3,230 square feet of building area. The buildings range in age from 126 to 143 years old. The Property Search Details, submitted by the appellant, disclose each

comparable has a basement, three of which are finished with either a recreation room or an apartment. Two buildings have central air conditioning. The comparables have improvement assessments ranging from \$16,009 to \$58,600 or from \$10.01 to \$18.73 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,898 or \$12.94 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,436. The subject property has an improvement assessment of \$51,636 or \$23.95 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-12 buildings of masonry or frame and masonry exterior construction ranging in size from 2,112 to 3,416 square feet of building area. The buildings range in age from 31 to 131 years old. Two comparables have an unfinished basement and one comparable has a concrete slab foundation. One building has central air conditioning. The comparables have improvement assessments ranging from \$50,688 to \$101,796 or from \$24.00 to \$29.80 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 along with board of review comparables #2 and #3 which are less similar to the subject in age, foundation type, finished basement area and/or building size than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #4 and #5 as well as board of review comparable #1 which are more similar to the subject in location, age, design, building size and most features. These best comparables have improvement assessments ranging from \$50,688 to \$58,600 or from \$17.63 to \$24.00 per square foot of building area. The subject's improvement assessment of \$51,636 or \$23.95 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
