

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Fitzpatrick
DOCKET NO.: 21-41550.001-R-1
PARCEL NO.: 13-35-106-032-0000

The parties of record before the Property Tax Appeal Board are Charles Fitzpatrick, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,375
IMPR.: \$25,140
TOTAL: \$34,515

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,134 square feet of building area. The building is approximately 108 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with multi-family buildings of masonry exterior construction ranging in size from 2,024 to 2,164 square feet of building area. The buildings are 105 to 128 years old. Each

comparable has a full basement, central air conditioning, and a 2-car garage. The appellant did not report if they have finished basement area. The comparables have improvement assessments that range from \$15,550 to \$16,928 or from \$7.22 to \$7.95 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,515. The subject property has an improvement assessment of \$25,140 or \$11.78 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-11 properties improved with 2-story multi-family buildings of frame exterior construction ranging in size from 1,973 to 2,298 square feet of building area. The buildings are 99 to 128 years old. Three comparables have full unfinished basements and one comparable has a slab foundation. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$27,439 to \$41,750 or from \$12.01 to \$18.91 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have central air conditioning unlike the subject. The Board gives less weight to board of review comparables #1 and #2 due to lack of a basement foundation and/or a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments of \$27,750 and \$32,750 or \$14.06 and \$14.25 per square foot of building area, respectively. The subject's improvement assessment of \$25,140 or \$11.78 per square foot of building area falls below the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
