

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 3008 S. Wallace, LLC  
DOCKET NO.: 21-41686.001-R-1  
PARCEL NO.: 17-28-329-027-0000

The parties of record before the Property Tax Appeal Board are 3008 S. Wallace, LLC, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,300  
**IMPR.:** \$53,700  
**TOTAL:** \$68,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 4,875 square feet of gross building area and is approximately 7 years old. Features include a full basement finished with an apartment,<sup>1</sup> seven full bathrooms, one half bathroom, and central air conditioning. The property has a 3,250 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information in two grid analyses on five comparables with the same assessment neighborhood code as the subject. For ease of

<sup>1</sup> The board of review disclosed the subject has a full basement finished with an apartment, which was unrefuted by the appellant.

reference, the single comparable on the second grid was renumbered #5. The evidence also includes property characteristics printouts from the Cook County Assessor's Office which were analyzed to verify/update data in the Section V grid analysis. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,002 to 6,016 square feet of gross building area. The buildings range in age from 42 to 99 years old. Each comparable has a full basement with finished area and three or four full bathrooms. One comparable has central air conditioning and two fireplaces. Four comparables each have from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$30,448 to \$51,064 or from \$6.89 to \$8.73 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,000. The subject property has an improvement assessment of \$53,700 or \$11.02 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,308 to 4,529 square feet of gross building area. The buildings range in age from 4 to 133 years old. The comparables each have a full basement, one of which is finished area with an apartment. Each comparable has six or seven full bathrooms and central air conditioning. The comparables have improvement assessments ranging from \$59,402 to \$80,646 or from \$13.12 to \$18.72 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives diminished weight to the appellant's comparables as well as board of review comparable #1 due to substantial disparities from the subject in age and/or dwelling size. Further, four of the appellant's comparables each have a garage amenity, which the subject lacks.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are similar to the subject in location, design/class, age, dwelling size, and other features. The comparables have improvement assessments of \$72,159 and \$80,646 or \$16.37 and \$18.72 per square foot of gross building area. The subject's improvement assessment of \$53,700 or \$11.02 per square foot of gross building area falls below the two best comparables in

this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
