

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 5000 Wodland WS, LLC  
DOCKET NO.: 21-41732.001-R-1  
PARCEL NO.: 18-07-220-007-0000

The parties of record before the Property Tax Appeal Board are 5000 Wodland WS, LLC, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,967  
**IMPR.:** \$161,007  
**TOTAL:** \$172,974

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-year-old, 2-story, single-family dwelling of frame construction with 4,723 square feet of living area. The property has a 15,442 square foot site located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of this argument, appellant submitted information on five suggested equity comparables. Each comparable was improved with a 2-story residence of either stucco, masonry, frame, or frame and masonry construction. The comparables ranged between 4,421 and 4,682 square feet of living area and in assessment between \$16.75 and \$18.52 per square foot of living area. Appellant also submitted a copy of the board of review's written decision reflecting its total assessment for the subject

property of \$172,974. Based on this evidence, appellant requested a reduction in the subject's assessment to \$94,147.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total valuation assessment for the subject of \$172,974 and an improvement assessment of \$161,007, or \$34.09 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on two suggested equity comparables. Each comparable was improved with a 2-story residence of frame construction. The comparables ranged between 4,338 and 4,848 square feet of living area and in assessment between \$35.55 and \$39.83 per square foot of living area. In addition, the board of review included information in its grid analysis indicating the subject property sold in June of 2021 for \$2,799,000.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparables #2, #3, and #3 and the board of review's comparable #1*. These comparables were most similar to the subject property in living area square footage and/or construction. The best comparables had improvement assessments that ranged from \$17.38 to \$35.55 per square foot of living area. The subject's improvement assessment of \$34.09 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
