

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Monieson
DOCKET NO.: 21-41754.001-R-1
PARCEL NO.: 14-33-302-161-0000

The parties of record before the Property Tax Appeal Board are Douglas Monieson, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,437
IMPR.: \$168,562
TOTAL: \$206,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 3,892 square feet of living area. The dwelling is approximately 143 years old. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 2-car garage. The property has a 3,075 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-06 homes of frame or masonry exterior construction ranging in size from 3,651 to 4,254 square feet of living area. The

dwelling range in age from 133 to 143 years old. Each home has a basement, four of which are finished with an apartment or a recreation room, and central air conditioning. Three comparables each have one or two fireplaces and three comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$72,914 to \$121,550 or from \$19.73 to \$32.93 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$105,084.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,999. The subject property has an improvement assessment of \$168,562 or \$43.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-06 homes of masonry or stucco exterior construction ranging in size from 4,191 to 4,380 square feet of living area. The dwellings range in age from 105 to 138 years old. Two comparables have a basement and one comparable has a slab foundation. Comparable #3 has central air conditioning, three fireplaces, and a 1-car garage. The comparables have improvement assessments ranging from \$208,514 to \$260,041 or from \$49.75 to \$59.37 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 and the board of review's comparables #1 and #2, due to substantial differences from the subject in design, age, and/or garage amenity. The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #5 and the board of review's comparable #3, which are more similar to the subject in design, dwelling size, age, location, and most features, although two comparables each have a basement with finished area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$114,021 to \$239,122 or from \$27.00 to \$56.20 per square foot of living area. The subject's improvement assessment of \$168,562 or \$43.31 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
