

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Robertson  
DOCKET NO.: 21-41785.001-R-1  
PARCEL NO.: 14-33-112-036-0000

The parties of record before the Property Tax Appeal Board are Andrew Robertson, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,800  
**IMPR.:** \$84,542  
**TOTAL:** \$129,342

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,052 square feet of living area. The dwelling is approximately 142 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 3,584 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The appellant did not disclose the distances of these comparables from the subject. The comparables are improved with 2-story, class 2-05 homes of frame exterior construction ranging in size from

2,050 to 2,177 square feet of living area. The dwellings range in age from 126 to 143 years old. Three comparables each have a basement with finished area and two comparables each have a slab foundation. Three homes have central air conditioning, two homes each have a fireplace, and two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$53,700 to \$63,914 or from \$25.60 to \$29.70 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$59,384.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,342. The subject property has an improvement assessment of \$84,542 or \$41.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject and are described as within the subject's subarea. The board of review did not disclose the distances of these comparables from the subject. The comparables are improved with 2-story, class 2-05 homes of masonry exterior construction ranging in size from 1,944 to 2,125 square feet of living area. The dwellings range in age from 133 to 151 years old. Two homes each have a basement, one of which has finished area, and one home has a crawl space foundation. Each home has central air conditioning. Comparables #1 and #3 each have one or two fireplaces and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$87,465 to \$102,275 or from \$41.16 to \$52.61 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 and the board of review's comparables #2 and #3, due to substantial differences from the subject in foundation type, garage amenity, and/or central air conditioning amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review's comparable #1, which are more similar to the subject in dwelling size, age, location, and most features, although these comparables have finished basement area unlike the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These two comparables have improvement assessments of \$63,914 and \$95,598 or \$29.70 and \$49.05 per square foot of living area. The subject's improvement assessment of \$84,542 or \$41.20 per square foot of living area is bracketed by the two best

comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
