

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Second Gold Investment, LLC
DOCKET NO.: 21-41806.001-R-1
PARCEL NO.: 17-28-209-053-0000

The parties of record before the Property Tax Appeal Board are Second Gold Investment, LLC, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,207
IMPR.: \$38,792
TOTAL: \$45,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, mixed-use building of frame exterior construction with 3,150 square feet of building area. The building is approximately 130 years old. Features include a partial basement.¹ The property has a 1,638 square foot site located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject, along with property characteristics sheets that were used by the Board to verify, add, or correct some data in the grid analysis. The comparables are improved with class 2-12 mixed-use buildings of frame exterior

¹ The board of review disclosed the subject has unfinished basement area, which was unrefuted by the appellant.

construction ranging in size from 2,944 to 3,120 square feet of building area. The buildings are either 127 or 128 years old. Each comparable has a full basement. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$15,700 to \$18,272 or from \$5.13 to \$6.02 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$17,766 or \$5.64 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,999. The subject property has an improvement assessment of \$38,792 or \$12.31 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 3,080 to 3,270 square feet of building area. The buildings are either 77 or 130 years old. Each comparable has a full or partial basement. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$42,800 to \$58,800 or from \$13.74 to \$18.82 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #5 as well as board of review comparables #3 and #4 for differences from the subject in age or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #4 as well as board of review comparables #1 and #2 which are overall most similar to the subject in class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$15,700 to \$44,900 or from \$5.13 to \$13.90 per square foot of building area. The subject's improvement assessment of \$38,792 or \$12.31 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
