

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amanda Holly
DOCKET NO.: 21-41818.001-R-1
PARCEL NO.: 14-32-111-002-0000

The parties of record before the Property Tax Appeal Board are Amanda Holly, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,200
IMPR.: \$75,675
TOTAL: \$112,875

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of frame and masonry exterior construction with 3,075 square feet of living area. The dwelling is approximately 126 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 2-car garage. The property has a 2,976 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of frame, masonry, or frame and masonry exterior construction ranging in size from 2,904 to 3,048 square feet of living area. The

dwelling range in age from 130 to 143 years old. Each home has a basement with finished area. Three comparables have one to three fireplaces, four comparables have central air conditioning, and four comparables have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$65,727 to \$81,625 or from \$21.56 to \$28.11 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$75,675.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,537. The subject property has an improvement assessment of \$125,337 or \$40.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 3-story, class 2-06 homes of frame and masonry exterior construction ranging in size from 3,030 to 3,975 square feet of living area. The dwellings range in age from 113 to 138 years old. Each home has a basement with finished area, central air conditioning, and a 2-car garage. Three homes have one or two fireplaces. The comparables have improvement assessments ranging from \$123,500 to \$162,800 or from \$40.76 to \$43.51 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables #2, #3, and #4, due to substantial differences from the subject in dwelling size and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #5 and the board of review's comparable #1, which are more similar to the subject in dwelling size, age, location, and most features, although these comparables each have a basement with finished area compared to the subject's concrete slab foundation and are slightly older homes than the subject, and four comparables are 2-story homes compared to the subject's 3-story home, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$72,083 to \$123,500 or from \$24.59 to \$40.76 per square foot of living area. The subject's

improvement assessment of \$125,337 or \$40.76 per square foot of living area falls above the range established by the best comparables in terms of total improvement assessment and within the range on a per square foot basis. However, after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
