

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chui Sheung Moy
DOCKET NO.: 21-41820.001-R-1
PARCEL NO.: 17-28-221-016-0000

The parties of record before the Property Tax Appeal Board are Chui Sheung Moy, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,750
IMPR.: \$53,075
TOTAL: \$66,825

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,025 square feet of gross building area. The building is approximately 52 years old. Features include a full basement with finished area¹ and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject, along with property

¹ The board of review disclosed the subject has a full basement with finished area, which was unrefuted by the appellant.

characteristics sheets that were used by the Board to verify, add, or correct some data in the grid analysis. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or frame and masonry exterior construction ranging in size from 1,840 to 2,016 square feet of gross building area. The buildings are each 130 years old. Four comparables each have a full basement with finished area and one comparable has a slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$13,432 to \$13,906 or from \$6.90 to \$7.34 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,825. The subject property has an improvement assessment of \$53,075 or \$26.21 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,020 to 2,436 square feet of gross building area. The buildings range in age from 48 to 60 years old. Each comparable has a full basement, two of which have finished area. One comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$53,250 to \$65,000 or from \$26.36 to \$27.36 per square foot of gross building area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences from the subject in age and/or foundation type. Four of these comparables also lack a garage, which is a feature of the subject. The Board also gives less weight to board of review comparable #4 which differs substantially from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are more similar to the subject in location, design/class, age, gross building size, and most features. The best comparables have improvement assessments ranging from \$53,250 to \$60,250 or from \$26.36 to \$27.36 per square foot of gross building area. The subject's improvement assessment of \$53,075 or \$26.21 per square foot of gross building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
