

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Sheehan
DOCKET NO.: 21-41828.001-R-1
PARCEL NO.: 17-33-309-050-0000

The parties of record before the Property Tax Appeal Board are Laura Sheehan, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,771
IMPR.: \$46,228
TOTAL: \$56,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,280 square feet of living area and is approximately 7 years old. Features include a partial basement with finished area¹ and central air conditioning. The property has a 2,448 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject, along with property characteristics sheets that were used by the Board to verify, add, or correct some data in the grid

¹ The board of review disclosed the subject has a partial basement with finished area, which was unrefuted by the appellant.

analysis. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,126 to 2,462 square feet of living area. The dwellings range in age from 31 to 55 years old. Each comparable has a full basement, four of which have finished area. Three comparables each have central air conditioning. Four comparables have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$27,000 to \$30,241 or from \$11.46 to \$13.46 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,999. The subject property has an improvement assessment of \$46,228 or \$20.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. One of these comparables is on the same block and/or the same street as the subject and three comparables are located within ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,004 to 2,394 square feet of living area. The dwellings range in age from 7 to 13 years old. Each comparable has a full or partial basement with finished area and central air conditioning. One comparable has one fireplace. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$46,936 to \$54,883 or from \$20.59 to \$24.12 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are substantially older dwellings than the subject. The Board also gives less weight to board of review comparable #4 which is a substantially smaller home than the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are located proximate to the subject and are similar to the subject in design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$46,936 to \$54,883 or from \$20.59 to \$23.29 per square foot of living area. The subject's improvement assessment of \$46,228 or \$20.28 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparable for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
