

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fifth Gold Investment, LLC
DOCKET NO.: 21-41830.001-R-1
PARCEL NO.: 17-28-211-049-0000

The parties of record before the Property Tax Appeal Board are Fifth Gold Investment, LLC, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,280
IMPR.: \$52,151
TOTAL: \$57,431

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, mixed-use building of masonry exterior construction with 3,572 square feet of building area and is approximately 16 years old. Features include a full basement¹ and central air conditioning. The property has a 1,200 square foot site located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject, along with property characteristics sheets that were used by the Board to verify, add, or correct some data in the grid analysis. The comparables are improved with 2-story or 3-story, class 2-12 mixed-use buildings

¹ The board of review disclosed the subject has an unfinished full basement, which was unrefuted by the appellant.

of masonry exterior construction ranging in size from 3,339 to 3,906 square feet of building area. The buildings range in age from 56 to 107 years old. The comparables each have a full basement; one of which has finished area. Two comparables each have central air conditioning. Three comparables each have a 1.5-car garage. The comparables have improvement assessments ranging from \$25,250 to \$36,250 or from \$6.70 to \$9.28 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,431. The subject property has an improvement assessment of \$52,151 or \$14.60 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story or 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 2,842 to 5,555 square feet of building area. The buildings range in age from 19 to 120 years old. Each comparable has a full or partial basement and central air conditioning. The comparables have improvement assessments ranging from \$49,390 to \$83,288 or from \$14.84 to \$18.85 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4, and #5 which have a garage amenity and/or basement finish, features the subject lacks. The Board also gives less weight to the board of review comparables which differ significantly from the subject in building size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 which are overall more similar to the subject in location and dwelling size with varying degrees of similarity in age and other features. These comparables have improvement assessments of \$25,250 and \$28,370 or \$6.70 and \$7.47 per square foot of building area, respectively. The subject's improvement assessment of \$52,151 or \$14.60 per square foot of building area falls above the two best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, including but not limited to their older ages, the Board finds the appellant did not demonstrate that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
