

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dan Weissbluth
DOCKET NO.: 21-41834.001-R-1
PARCEL NO.: 14-32-410-012-0000

The parties of record before the Property Tax Appeal Board are Dan Weissbluth, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,500
IMPR.: \$207,392
TOTAL: \$244,892

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 4,020 square feet of living area. The dwelling is approximately 138 years old. Features of the home include a basement, central air conditioning, and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-06 homes of frame, masonry, or frame and masonry exterior construction ranging in size from 3,691 to 3,803 square feet of living area.

The dwellings range in age from 128 to 143 years old. Each home has a basement, four of which have finished area. Four comparables have central air conditioning, three comparables have one or two fireplaces, and three comparables have a 2-car garage. The comparables have improvement assessments ranging from \$121,500 to \$143,640 or from \$32.93 to \$38.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$152,478.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,892. The subject property has an improvement assessment of \$207,392 or \$51.59 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-06 homes of masonry exterior construction ranging in size from 4,101 to 4,725 square feet of living area. The dwellings range in age from 127 to 138 years old. Each home has a basement with finished area, and central air conditioning. Two comparables have one or three fireplaces and three comparables have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$213,252 to \$288,225 or from \$52.00 to \$61.07 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Ad.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Ad.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4, and #5 and the board of review's comparables #1 and #4, due to substantial differences from the subject in design, dwelling size, and/or garage amenity. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables #2 and #3, which are more similar to the subject in design, dwelling size, age, location, and most features, although these comparables each have finished basement area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$121,550 to \$249,197 or from \$32.93 to \$60.51 per square foot of living area. The subject's improvement assessment of \$207,392 or \$51.59 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
