

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Pergola
DOCKET NO.: 21-41935.001-R-1
PARCEL NO.: 09-25-315-008-0000

The parties of record before the Property Tax Appeal Board are Laura Pergola, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,500
IMPR.: \$25,500
TOTAL: \$33,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,070 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a full unfinished basement, 1 bathroom and a 1½-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject. The comparables have sites that contain 3,500 or 3,750 square feet of land area. The comparables are class 2-03 properties that are improved with dwellings of masonry exterior construction ranging in size from 1,070 to 1,174 square feet of living area. The

dwellings are from 63 to 67 years old. The comparables each have a full basement. However, the appellant did not address whether there was basement finish. The appellant reported that each comparable has central air conditioning, 1 bathroom and from a 1-car to a 2½-car garage. The properties sold from March 2019 to October 2021 for prices ranging from \$260,000 to \$305,000 or from \$229.98 to \$273.05 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$26,995, reflecting a market value of \$269,950 or \$252.29 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,000. The subject's assessment reflects a market value of \$330,000 or \$308.41 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 5,000 to 5,625 square feet of land area. The comparables are class 2-03 properties that are improved with 1-story or 1.5-story dwellings of masonry exterior construction ranging in size from 1,015 to 1,356 square feet of living area. The dwellings are from 67 to 81 years old. The comparables each have a full unfinished basement and either 1 or 1½ bathrooms. Three comparables each have central air conditioning and either a 2-car or a 2½-car garage. The properties sold from May 2019 to September 2021 for prices ranging from \$330,000 to \$350,000 or from \$258.11 to \$344.83 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2, as well as board of review comparable #3, which had sale dates that occurred 2019, less proximate in time to the January 1, 2021 assessment date than other comparable sales in the record. The Board has also given less weight to board of review comparable #4 due to its larger dwelling size and older age, when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #3 and #4, along with board of review comparables #1 and #2, which sold more proximate in time to the assessment date at issue. These four comparables have the same property classification as the

subject and are similar to the subject in location, dwelling size, age and some features. The comparables sold from August 2020 to October 2021 for prices ranging from \$295,000 to \$350,000 or from \$263.16 to \$344.83 per square foot of living area, including land. The subject's assessment reflects a market value of \$330,000 or \$308.41 per square foot of living area, including land, which falls within the range established by the best comparable sales in record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
