

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Lunkes
DOCKET NO.: 21-41940.001-R-1
PARCEL NO.: 12-01-413-047-0000

The parties of record before the Property Tax Appeal Board are John Lunkes, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,170
IMPR.: \$19,830
TOTAL: \$29,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,089 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a full unfinished basement, central air conditioning, 1½ bathrooms and a two-car garage. The property has an approximately 4,585 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-03 properties that are improved with dwellings of masonry exterior construction ranging in size from 1,168 to 1,174 square feet of living area. The dwellings are from 67 to 75

years old. The comparables each have a full basement. However, the appellant did not address whether there was basement finish. Each comparable has central air conditioning, 1½ bathrooms and a one-car or a two-car garage. The comparables have improvement assessments of \$19,300 and \$20,300 or from \$16.50 to \$17.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,655 or \$17.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,000. The subject property has an improvement assessment of \$19,830 or \$18.21 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 1,105 to 1,210 square feet of living area. The dwellings are from 45 to 64 years old. Each comparable has a full or partial unfinished basement, central air conditioning, 1½ bathrooms and a two-car garage. The comparables have improvement assessments that range from \$21,830 to \$28,109 or from \$19.76 to \$23.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #1 and board of review comparable #1 which differ from the subject dwelling in age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4, along with board of review comparables #2, #3 and #4, which are overall more similar to the subject in location, dwelling size, age and features. These best comparables have improvement assessments ranging from \$20,300 to \$28,109 or from \$17.29 to \$23.23 per square foot of living area. The subject's improvement assessment of \$19,830 or \$18.21 per square foot of living area falls below the range established by the best comparables in the record in terms of total improvement assessment but within the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
