

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leslie Ransom  
DOCKET NO.: 21-41948.001-R-1  
PARCEL NO.: 13-12-319-005-0000

The parties of record before the Property Tax Appeal Board are Leslie Ransom, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,000  
**IMPR.:** \$55,000  
**TOTAL:** \$64,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family building of masonry exterior construction with 3,959 square feet of building area. The building is approximately 99 years old. Features of the building include a full unfinished basement and three full bathrooms. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-11 properties that are improved with multi-family buildings of masonry exterior construction ranging in size from 2,040 to 5,757 square feet of building area. The buildings are

from 98 to 100 years old. The comparables each have a full basement. However, the appellant did not address whether there was basement finish. Each comparable has central air conditioning, two or three full bathrooms and a 2-car or a 3-car garage. Comparable #3 also has a half bathroom. The comparables have improvement assessments that range from \$23,480 to \$75,500 or from \$9.53 to \$13.17 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$46,835 or \$11.83 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,000. The subject property has an improvement assessment of \$55,000 or \$13.89 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-11 properties that are improved with two-story multi-family buildings of masonry exterior construction ranging in size from 3,878 to 4,148 square feet of building area. The buildings are from 79 to 95 years old. The comparables each have a full basement, two of which are finished with either an apartment or a formal recreation room. Each comparable has two to four full bathrooms and a 1.5-car to a 3-car garage. Comparable #1 also has a half bathroom and comparable #4 has central air conditioning. The comparables have improvement assessments that range from \$54,612 to \$67,436 or from \$13.96 to \$17.39 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to differences from the subject in dwelling size. The Board has given reduced weight to board of review comparables #2 and #4, which have basement finish and/or central air conditioning, unlike the subject. Additionally, board of review comparable #2 is newer in dwelling age, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3, which are similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$60,000 and \$66,400 or \$15.15 and \$16.01 per square foot of building area, respectively. The subject's improvement assessment of \$55,000 or \$13.89 per square foot of building area falls below the two best comparables in the record. Based on this record and after considering adjustments to the comparables for

differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
