

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Lincoln
DOCKET NO.: 21-42014.001-R-1
PARCEL NO.: 13-13-131-001-0000

The parties of record before the Property Tax Appeal Board are John Lincoln, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,680
IMPR.: \$60,552
TOTAL: \$71,232

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 2,088 square feet of living area. The dwelling was constructed in 1921 and is approximately 100 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 1-car garage. The property has a 4,450 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-04 properties improved with dwellings of masonry exterior construction that range in size from 2,011 to 2,101 square feet of living area. The dwellings are 101 to 106 years old and have

full basements. The appellant did not report if the basements have finished area. Each comparable has central air conditioning; two comparables each have one fireplace; and each comparable has a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$51,610 to \$53,920 or \$25.50 and \$25.66 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,232. The subject property has an improvement assessment of \$60,552 or \$29.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-04 properties improved with 1-story or 1.5-story dwellings of stucco, masonry, or frame and masonry exterior construction ranging in size from 2,080 to 2,124 square feet of living area. The homes are 95 to 108 years old and have full basements, two of which have finished area. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. Two comparables each have one fireplace. Comparable #2 has other improvements that were not described by the board of review. The comparables have improvement assessments ranging from \$61,419 to \$85,040 or from \$29.15 to \$40.88 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparables for the Board's consideration. The Board finds these comparables are similar to the subject in location, age, dwelling size and some features. The comparables have improvement assessments ranging from \$51,610 to \$85,040 or from \$25.50 to \$40.88 per square foot of living area. However, the Board finds board of review comparables #1 and #3 are the only comparables that have finished basement area similar to the subject. These two comparables have improvement assessments of \$77,529 and \$85,040 or \$36.92 and \$40.88 per square foot of living area, respectively. The subject's improvement assessment of \$60,552 or \$29.00 per square foot of living area falls below the two most similar comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
