

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Maslar
DOCKET NO.: 21-42260.001-R-1
PARCEL NO.: 17-22-304-089-0000

The parties of record before the Property Tax Appeal Board are Joseph Maslar, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,618
IMPR.: \$43,443
TOTAL: \$53,061

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 2,156 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a slab foundation,¹ central air conditioning and a 2-car garage. The property has a 687 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-95 property, a townhome or row house up to 62 years of age, under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood code as the subject. According to the property characteristic printouts provided by the appellant, the comparables consist of class 2-95, 3-story

¹ The board of review disclosed the subject dwelling has a slab foundation, which was not refuted by the appellant.

dwellings of masonry exterior construction containing either 1,975 or 2,146 square feet of living area and are each 19 years old. Each comparable has a basement with finished area, central air conditioning, and a 1-car garage. One comparable has 1 fireplace. The comparables have improvement assessments that range from \$39,610 to \$43,912 or from \$20.06 to \$20.46 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$43,443 or \$20.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,000. The subject property has an improvement assessment of \$60,382 or \$28.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within a different assessment neighborhood code than the subject. The comparables consist of class 2-09, 2-story dwellings of masonry exterior construction ranging in size from 6,019 to 7,990 square feet of living area and are from 12 to 16 years old. Each comparable has a basement with three having finished area, central air conditioning, 2 to 7 fireplaces, and a 4-car garage. The comparables have improvement assessments ranging from \$134,123 to \$186,087 or from \$22.00 to \$24.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met the burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparable properties for the Board's consideration, all of which have a basement foundation in contrast to the subject's slab foundation. Nevertheless, the Board has given less weight to board of review comparables due to substantial differences in assessment neighborhood codes, classification codes, larger dwelling sizes, and other features.

The Board finds the best evidence of assessment equity to be the appellant's comparables which have the same assessment neighborhood code and classification code as the subject and are also more similar to the subject in design, age, dwelling size and some features. These five comparables have improvement assessments ranging from \$39,610 to \$43,912 or from \$20.06 to \$20.46 square foot of living area. The subject's improvement assessment of \$60,382 or \$28.01 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
