

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Larkin
DOCKET NO.: 21-42598.001-R-1
PARCEL NO.: 14-30-106-055-0000

The parties of record before the Property Tax Appeal Board are Richard Larkin, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,750
IMPR.: \$102,250
TOTAL: \$141,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,573 square feet of living area. The home is approximately 15 years old. Features include a full basement, central air conditioning, two fireplaces, and a 2.5-car garage. The property has a 3,875 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on two grid analyses for five equity comparables with the subject's assessment neighborhood code and located 0.13 to 0.37 of a mile from the subject property. For clarity in the record, the single comparable on the second grid was renumbered #5. The comparables are improved with 2-story, class 2-78

dwelling of masonry exterior construction ranging in size from 2,883 to 3,616 square feet of living area. The homes range in age from 10 to 23 years old. Each comparable has a full basement, central air conditioning, one fireplace, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$65,750 to \$94,052 or from \$22.81 to \$27.04 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,000. The subject property has an improvement assessment of \$102,250 or \$28.62 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the subject's assessment neighborhood code. The comparables are located within the subject's tax block, one of which is also along the same street as the subject. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,910 to 3,294 square feet of living area. The homes range in age from 7 to 16 years old. Each comparable has a full basement, central air conditioning, and two or three fireplaces. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$90,000 to \$101,297 or from \$28.78 to \$34.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board accords diminished weight to the appellant's comparables as well as board of review comparables #1 and #2 which are located less proximate to the subject than other comparables in this record and/or differ substantially from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4 which are located on same tax block as the subject and are overall most similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$90,000 to \$94,790 or from \$28.78 to \$29.33 per square foot of living area. The subject's improvement assessment of \$102,250 or \$28.62 per square foot of living area falls above two best comparables in this record on an overall improvement assessment basis but below on a per square foot basis. The subject's assessment is logical considering the subject's larger dwelling size when compared to the two best comparables and the economies of scale. After considering adjustments to the two

best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
