

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martin Jimenez
DOCKET NO.: 21-42622.001-R-1
PARCEL NO.: 14-07-214-043-0000

The parties of record before the Property Tax Appeal Board are Martin Jimenez, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,024
IMPR.: \$31,976
TOTAL: \$68,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,381 square feet of gross building area. The building is approximately 105 years old. Features include a full basement. The property has a 4,503 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables with the subject's assessment neighborhood code and located 0.17 of a mile to 1.28 miles from the subject. For clarity in the record, the single comparable on the second grid was renumbered as #5. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,762 to 3,917 square feet of gross building area. The buildings range in age from 97 to 112 years old. Each

comparable has a full or partial basement and one or two fireplaces. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$17,000 to \$36,000 or from \$6.15 to \$9.39 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,000. The subject property has an improvement assessment of \$31,976 or \$9.46 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located with the subject's assessment neighborhood code and located ¼ of a mile from the subject. Comparable #4 is the same property as comparable #1 and will not be considered further in this decision. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,366 to 3,380 square feet of gross building area. The buildings range in age from 109 to 123 years old. Each comparable has a full basement and a 1-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$35,424 to \$49,208 or from \$10.48 to \$14.58 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives diminished weight to the appellant's comparables which are less similar to the subject in dwelling size than the board of review comparables. Further, the appellant's comparable #3 is located 1.28 miles from the subject, less proximate than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$35,424 to \$49,208 or from \$10.48 to \$14.58 per square foot of gross building area. The subject's improvement assessment of \$31,976 or \$9.46 per square foot of gross building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
