

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Hasegawa
DOCKET NO.: 21-42661.001-R-1
PARCEL NO.: 14-30-211-008-0000

The parties of record before the Property Tax Appeal Board are Susan Hasegawa, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,062
IMPR.: \$49,688
TOTAL: \$88,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,166 square feet of living area. The dwelling is approximately 24 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables located within the subject's assessment neighborhood code and 0.09 to 0.81 of a mile from the subject. For clarity in the record, the single comparable on the second grid was renumbered as #5. The comparables are improved with 2-story, class 2-78 dwellings of

masonry exterior construction ranging in size from 2,002 to 2,420 square feet of living area. The homes range in age from 23 to 34 years old. Two comparables each have a full basement, two comparables each have a slab foundation, and one comparable has a crawl space foundation. Each comparable has central air conditioning, one fireplace, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,313 to \$46,063 or from \$14.78 to \$20.49 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,750. The subject property has an improvement assessment of \$49,688 or \$22.94 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are located on the same tax block as the subject or ¼ of a mile from the subject property. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,326 to 2,519 square feet of living area. The homes range in age from 15 to 22 years old. Each comparable has a full basement, central air conditioning, from one to four fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$73,276 to \$74,937 or from \$29.75 to \$31.79 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 which present substantial differences from the subject in dwelling size, foundation type, and/or are located less proximate to the subject than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #3, and #4 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$73,276 to \$74,538 or from \$30.13 to \$31.79 per square foot of living area. The subject's improvement assessment of \$49,688 or \$22.94 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
