

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresa Schmedding
DOCKET NO.: 21-42758.001-R-1
PARCEL NO.: 14-08-302-054-0000

The parties of record before the Property Tax Appeal Board are Teresa Schmedding, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,528
IMPR.: \$23,100
TOTAL: \$55,628

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,724 square feet of gross building area that is approximately 117 years old. Features include a full basement and a 2-car garage. The property has a 4,066 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables with the subject's assessment neighborhood code. For clarity in the record, the single comparable on the second grid was renumbered as #5. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,784 to 3,064 square feet of gross building area. The buildings range in age from 120 to 128 years old. Each comparable has a full basement, two fireplaces, and a 2-car

or a 2.5-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$16,770 to \$23,386 or from \$5.90 to \$7.86 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,628. The subject property has an improvement assessment of \$23,100 or \$8.48 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables with the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,602 to 2,704 square feet of gross building area. The buildings range in age from 108 to 116 years old. Each comparable has a full basement. One comparable has two fireplaces. Three comparables each have a 1-car or a 2-car garage. Comparable #2 is reported to have other improvements, which were not disclosed. The comparables have improvement assessments ranging from \$24,040 to \$33,000 or from \$8.89 to \$12.22 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which has an improvement assessment that is substantially lower than the other comparables in this record, thus, making this comparable an outlier. The Board also gives less weight to the appellant's comparables #2 and #4 as well as board of review comparable #3 which differ substantially from the subject in dwelling size; features central air conditioning, unlike the subject; or lacks a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #5 as well as board of review comparables #1, #2, and #4 which are similar to the subject in design/class, age, dwelling size, and most features. The comparables have improvement assessments ranging from \$22,360 to \$33,000 or from \$7.78 to \$12.22 per square foot of gross building area. The subject's improvement assessment of \$23,100 or \$8.48 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
