

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Daugherty
DOCKET NO.: 21-42795.001-R-1
PARCEL NO.: 14-29-128-026-0000

The parties of record before the Property Tax Appeal Board are Steven Daugherty, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,500
IMPR.: \$43,925
TOTAL: \$90,425

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,283 square feet of living area. The home is approximately 133 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables located within the same assessment neighborhood as the subject and from 0.06 to 0.40 of a mile from the subject property. For clarity in the record, the single comparable on the second grid was renumbered as #5. The comparables are improved with 2-story, class 2-06 dwellings of frame exterior construction ranging in size from 2,280 to 2,470

square feet of living area. The homes range in age from 124 to 144 years old. Four comparables each have a full basement and one comparable has a slab foundation. One comparable has central air conditioning. Each comparable has one or two fireplaces and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$35,125 to \$47,342 or from \$14.22 to \$19.24 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,903. The subject property has an improvement assessment of \$69,403 or \$30.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood as the subject and ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,646 to 2,734 square feet of living area. The homes range in age from 128 to 143 years old. Each comparable has a full basement, central air conditioning, and a 2-car or a 3-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$78,500 to \$86,125 or from \$29.67 to \$32.37 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 which has a slab foundation, in contrast to the subject's full basement. The Board also gives less weight to the board of review comparables which are substantially larger in dwelling size than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, #4, and #5 which are more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$35,125 to \$47,342 or from \$14.22 to \$19.24 per square foot of living area. The subject's improvement assessment of \$69,403 or \$30.40 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
