

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ivory Stewart  
DOCKET NO.: 21-42896.001-R-1  
PARCEL NO.: 14-20-419-037-0000

The parties of record before the Property Tax Appeal Board are Ivory Stewart, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$46,500  
**IMPR.:** \$53,350  
**TOTAL:** \$99,850

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,349 square feet of gross building area. The building is approximately 128 years old. Features include a full basement. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables located within the subject's assessment neighborhood. For clarity in the record, the single comparable on the second grid was renumbered as #5. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,800 to 3,853 square feet of gross building area. The buildings range in age from 110 to 119 years old. Each comparable has a full basement and two

fireplaces. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$23,360 to \$38,048 or from \$8.34 to \$10.23 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,850. The subject property has an improvement assessment of \$53,350 or \$15.93 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,954 to 3,361 square feet of gross building area. The buildings range in age from 118 to 129 years old. Each comparable has a full or partial basement. Two comparables each have central air conditioning, two comparables each have one or two fireplaces., and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$51,952 to \$69,500 or from \$16.05 to \$21.35 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #1 and #3 which have a dissimilar 3-story design, in contrast to the subject's 2-story design, differ substantially from the subject in dwelling size, and/or feature a garage amenity, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #4 which are overall most similar to the subject in design/class, age, dwelling size, and most features. The comparables have improvement assessments of \$51,952 and \$60,498 or \$16.05 and \$18.00 per square foot of gross building area, respectively. The subject's improvement assessment of \$53,350 or \$15.93 per square foot of gross building area is bracketed by the two best comparables in this record on an overall improvement assessment basis and below them on a per square foot basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
