

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sarah Hammerschlag
DOCKET NO.: 21-43009.001-R-1
PARCEL NO.: 20-14-217-028-0000

The parties of record before the Property Tax Appeal Board are Sarah Hammerschlag, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,750
IMPR.: \$81,970
TOTAL: \$100,720

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 2,518 square feet of living area. The dwelling is approximately 129 years old. Features of the home include a basement with finished area, 3 ½ bathrooms and a full attic with living area. The property has an approximately 3,750 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables that are located in the same assessment neighborhood code as the subject property. The appellant reported that the comparables are improved with class 2-10, 2-story or 3-story townhomes of masonry exterior construction that range in size from 2,294 to 2,582 square feet of living area. The buildings range in age from 110 to 139 years old. Each comparable has a basement with finished area and 2 or 2 ½ bathroom. Two comparables each have central air conditioning and a

1.5-car garage. Four comparables each have either one or two fireplaces. The comparables have improvement assessments that range from \$49,430 to \$73,000 or from \$20.30 to \$28.27 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$57,234 or \$22.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,720. The subject property has an improvement assessment of \$81,970 or \$32.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The board of review reported that the comparables are improved with class 2-10, 2-story townhomes of masonry exterior construction that range in size 2,056 to 2,578 square feet of living area. The buildings are either 133 or 138 years old. Each comparable has an unfinished basement, from 1 ½ to 3 ½ bathrooms and one fireplace. One comparable has central air conditioning. The comparables have improvement assessments that range from \$51,560 to \$72,430 or from \$20.00 to \$35.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #4 and #5 as well as board of review comparable #1 due to their feature of central air conditioning, an amenity that the subject lacks. The Board has given reduced weight to board of review comparable #3 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #3 along with board of review comparable #2. The Board finds that these comparables are most similar to the subject in location, age, dwelling size and some features. However, the Board finds these four comparables are inferior to the subject in bathroom count and each lack an attic with finished area, a feature of the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. These most similar comparables have improvement assessments ranging from \$49,430 to \$73,000 or from \$20.30 to \$29.56 per square foot of living area. The subject's improvement assessment of \$81,970 or \$32.55 per square foot of living area, falls above the range of the best comparables in this record, which appears to be logical given the subject's additional bathroom count and full attic with living area. Based on this record and after considering adjustments to the best comparables for differences from the subject, the

Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
