

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Cueva
DOCKET NO.: 21-43053.001-R-1
PARCEL NO.: 20-10-114-027-0000

The parties of record before the Property Tax Appeal Board are Sean Cueva, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,440
IMPR.: \$12,560
TOTAL: \$26,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of masonry exterior construction with 3,956 square feet of building area. The building is 128 years old. Features of the building include a full basement finished with an apartment. The property has a 3,840 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within .89 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story multi-family buildings of masonry exterior construction ranging in size from 3,146 to 4,200 square feet of building area. The homes are 110

to 137 years old. Each building has a basement finished with an apartment. One comparable has a fireplace and four comparables each have a one-car or two-car garage. The comparables have improvement assessments ranging from \$5,913 to \$7,913 or from \$1.41 to \$1.98 per square foot of building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$7,279 or \$1.84 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,000. The subject property has an improvement assessment of \$12,560 or \$3.17 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .25 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story or three-story multi-family buildings of masonry exterior construction ranging in size from 3,614 to 4,065 square feet of building area. The homes are 113 to 138 years old. Each building has a basement, one of which is finished with an apartment and one of which is finished with a recreation room. One comparable has central air conditioning and two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$13,095 to \$21,682 or from \$3.29 to \$5.33 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, #3, and #5, as well as board of review comparables #1, #3, and #4, which differ from the subject in design or basement finish, or feature a garage unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #2, which are similar to the subject in age, location, dwelling size, and most features, noting a downward adjustment for central air conditioning would be necessary to make board of review comparable #2 more equivalent to the subject. These most similar comparables have improvement assessments of \$6,263 and \$15,825 or \$1.98 and \$4.38 per square foot of building area. The subject's improvement assessment of \$12,560 or \$3.17 per square foot of building area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
