

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Fattah
DOCKET NO.: 21-43071.001-R-1
PARCEL NO.: 14-19-427-005-0000

The parties of record before the Property Tax Appeal Board are John Fattah, the appellant(s), by attorney Ibrahim Fattah, of Law Street, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 75,000
IMPR.: \$ 48,000
TOTAL: \$ 123,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2021. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a three-story multi-family dwelling of masonry construction with 6,450 square feet of living area. The dwelling is 96 years old. Features of the home include a full unfinished basement and central air conditioning. The property's site is 6,000 square feet, and it is located in Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$1,230,000 as of January 1, 2021. The appraisal states that all of the units in the subject are occupied by tenants. Additionally, in Section II of the appeal form, the appellant stated that the subject is not owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$123,000.

The board of review submitted its “Board of Review Notes on Appeal” disclosing that the total assessment for the subject is \$143,370. The subject’s assessment reflects a market value of \$1,433,700 when applying the 2021 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and four sale comparables. These sale comparables sold from April 2021 to December 2021 for \$1,250,000 to \$1,960,000, or \$331.56 to \$653.67 per square foot of living area, including land. The notes on appeal also states “A (2-88) [sic] was added to total [assessed value].” No evidence was submitted in support of this assertion. The Cook County Assessor defines a class 2-88 property as “Home improvement exemption.”

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof, and a reduction in the subject’s assessment is warranted.

Initially, the Board finds that the subject’s assessment does not include a home improvement exemption. This exemption is grounded in section 15-180 of the Property Tax Code, which specifically requires that a property receiving the exemption be homestead property. 35 ILCS 200/15-180. The appellant explicitly stated in Section II of the appeal form that the subject is not owner occupied. The appraisal confirmed this statement, by stating that all the units are occupied by tenants. The board of review did not submit any evidence to refute these claims, or to show that the subject did, in fact, receive a home improvement exemption for tax year 2021. As such, the Board finds that the subject did not receive such an exemption.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject’s assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$1,230,000 as of the assessment date at issue. Therefore, based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject’s assessment is warranted. Since market value has been established, the 2021 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
