

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bridget Iwamuro  
DOCKET NO.: 21-44033.001-R-1  
PARCEL NO.: 14-29-316-030-1004

The parties of record before the Property Tax Appeal Board are Bridget Iwamuro, the appellant(s), by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,039  
**IMPR.:** \$14,461  
**TOTAL:** \$19,500

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a single, residential condominium unit with a 6.163% ownership interest in the common elements. The unit is 750 square feet of living area. It is situated in a 14-unit, 97-year-old, multi-story building. The property sits on a 5,000 square foot site and is located in Chicago, Lake View Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation, specifically based on a recent sale. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on February 21, 2020, for a price of \$195,000. The appellant submitted a settlement statement, a Multiple Listing Service closing sheet, and answered the questions in Section IV of the residential appeal. The answers from Section IV of the residential appeal indicated that the sale of the subject property was not between family members, was sold by a realtor with the Redfin

Corporation, was advertised on the Multiple Listing Service for six weeks, and was not sold due to a foreclosure action. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect 10% of the purchase price, commensurate with the 10.00% level of assessment for a Class 2 property under the Cook County Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,492. The subject's assessment reflects a market value of \$254,920, when applying the 10% assessments for a class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment the board of review submitted information on a condominium analysis based on seven comparable sales from within the subject condominium unit's building.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 2020 for a price of \$195,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by a realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for six weeks. In further support of the transaction the appellant submitted a copy of a settlement statement and a Multiple Listing Service closing sheet. There was no evidence from the parties that the sale of the subject was subject to a short sale or due to a foreclosure. The Board finds the purchase price was below the market value reflected by the assessment. Based on this record, the Board finds the subject property had a market value of \$195,000 as of January 1, 2021, and that a reduction in the subject's assessment is justified. Since market value has been determined, the 10.00% level of assessment for Class 2 property under the Cook County Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
