

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrian Arzate
DOCKET NO.: 21-45053.001-R-1
PARCEL NO.: 19-12-404-014-0000

The parties of record before the Property Tax Appeal Board are Adrian Arzate, the appellant, by attorney Gregory J. Hilton, of Property Tax Solutions in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,983
IMPR.: \$14,016
TOTAL: \$17,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry construction with 2,300 square feet of building area. The building is 109 years old. Features include a full basement, that has finished area, and a 1.5-car garage. The property has a 4,687 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story buildings of frame, masonry or frame and masonry construction ranging in size from 1,680 to 2,816 square feet of building area. The buildings range in age from 94 to 133 years old. Five comparables have full or partial basements, two

comparables have crawl-space foundations and one comparable has a slab foundation. The appellant did not disclose whether the comparables with basements were unfinished or had finished basement area. One comparable has central air conditioning, and seven comparables have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$6,516 to \$15,344 or from \$3.41 to \$5.45 per square foot of building area. The appellant argued in a brief that the board of review submitted three comparables, two of which are located nearly .5 of a mile from the subject. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,999. The subject property has an improvement assessment of \$14,016 or \$6.09 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story buildings of masonry construction ranging in size from 2,250 to 2,372 square feet of building area. The buildings range in age from 97 to 113 years old. The comparables have full basements, two of which have finished area and one of which has a finished apartment. Each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$14,812 to \$19,016 or from \$6.28 to \$8.02 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables have varying degrees of similarity to the subject. The best comparables had improvement assessments that ranged from \$14,812 to \$19,016 or from \$6.28 to \$8.02 per square foot of building area. The subject's improvement assessment of \$14,016 or \$6.09 per square foot of building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. The Board gave less weight to the appellant's comparables, due to their lack of a basement foundation or the lack of information regarding their foundation type and finish. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
