

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nikola Koricanac
DOCKET NO.: 21-46012.001-R-1
PARCEL NO.: 14-18-406-017-0000

The parties of record before the Property Tax Appeal Board are Nikola Koricanac, the appellant, by attorney Nicholas T. McIntyre, of Much Shelist, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,310
IMPR.: \$10,090
TOTAL: \$51,400

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The property is a 4,590 square foot site located in Chicago, Lakeview Township, Cook County. The subject property consists of an approximately 121 years old, two-story, dwelling of frame construction with 2,180 square feet of living. The dwelling features include two bathrooms, a full basement, and a two-car garage. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on April 22, 2021, for a price of \$514,000. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the subject was sold by a realtor, was advertised for sale on a multiple listing service, was not sold due to foreclosure action or using a contract for deed, and the parties were not related. In addition, the appellant provided a master settlement statement documenting the sale of the

subject, as well as a purchase and sales contract. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,473. The subject's assessment reflects a market value of \$684,730 or \$31.41 per square foot of living area, land included, when applying the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, all of which are the same 2-11 classification and located on the same block, within a quarter mile, or in the subarea. Two share the subject's assessment neighborhood code. The comparable properties have sites that range in size from 4,125 to 4,920 per square foot of land area. The comparable properties are improved with two-story dwellings of masonry, frame or frame and masonry construction ranging in size from 2,200 to 2,996 square feet of living area. The properties range in age from 56 to 118 years old. The properties sold from August 2019 to November 2020 for prices ranging from \$725,000 to \$760,000 or from \$243.66 to \$331.82 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property on April 22, 2021, for a price of \$514,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property had been advertised for sale. In further support of the transaction the appellant submitted a copy of the master settlement statement and sales contract contemplating a transaction between a willing seller and a willing buyer. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. The Board finds the purchase price is below the market value reflected by the assessment. Therefore, a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
