

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Latisha Wilson Hustle Solutions
DOCKET NO.: 21-46228.001-R-1
PARCEL NO.: 25-20-109-019-0000

The parties of record before the Property Tax Appeal Board are Latisha Wilson Hustle Solutions, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,437
IMPR.: \$4,406
TOTAL: \$6,843

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame construction with 876 square feet of living area. The dwelling is approximately 94 years old. Features include an unfinished full basement, 1 full and 1 half bathrooms, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable properties located within the same neighborhood code as the subject. The comparables are improved with 1-story dwellings of frame, masonry or frame and masonry construction ranging in size from 792 to 929 square feet of living area. The dwellings were built from 1924 to 1934. The comparables have full or partial basements, one of which has finished

area, 1 full bathroom, and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$1,517 to \$1,807 or from \$1.69 to \$2.26 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,843. The subject property has an improvement assessment of \$4,406 or \$5.03 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 1-story dwellings of frame construction ranging in size from 768 to 882 square feet of living area. The dwellings range in age from 68 to 100 years old. Two comparables have unfinished full basements, and two comparables have slab foundations. Each comparable has 1 full bathroom, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$4,782 to \$7,062 or from \$5.74 to \$8.06 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted rebuttal explaining how uniformity should be determined and argued two of the board of review's comparables should be given less weight.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #5 and #6, as well as the board of review comparables #1 and #2. These comparables have varying degrees of similarity to the subject. However, each of the parties' best comparables has a smaller bathroom count when compared to the subject. Nevertheless, these comparables had improvement assessments that ranged from \$1,779 to \$7,062 or from \$4.50 to \$8.06 per square foot of living area. The subject's improvement assessment of \$4,406 or \$5.03 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the parties' remaining comparables, due to their differences in foundation type, basement finish, age, size, and/or features when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
