

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Guido Lorenzoni
DOCKET NO.: 21-46357.001-R-1
PARCEL NO.: 14-33-301-118-0000

The parties of record before the Property Tax Appeal Board are Guido Lorenzoni, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates Attorneys, PLLC in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,813
IMPR.: \$367,983
TOTAL: \$413,796

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately ten-year-old, three-story single-family residence of masonry construction with 5,467 square feet of living area. Features of the home include a full finished basement with a formal recreation room, five full bathrooms, central air conditioning, three fireplaces and a two-car garage. The property's site is 3,665 square feet of land located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on eight class 2-09 equity comparable properties with varying degrees of similarities to the subject. Appellant reported that the submitted comparable properties were located within a 0.05-mile to a 0.52-mile radius of the subject. Appellant disclosed that they had improvement assessments that ranged from \$45.64 to \$58.13

per square foot of living area. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$336,493.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$413,796. The subject property has an improvement assessment of \$367,984 or \$67.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-09 equity comparable properties with varying degrees of similarities to the subject that are located either within a block or a ¼-mile radius of the subject. Based on this evidence the board of review requested confirmation of the subject's assessment.

Prior to a February 25, 2025, hearing date the parties agreed to waive hearing and have a decision rendered based on the previously submitted evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and that a reduction in the subject's assessment is not warranted.

The parties submitted eight class 2-09 equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be *appellant's comparable properties #1, #3, #4 through #7* and the *board of review's comparable properties #2 through #4*. These comparable properties were most similar with the subject and had improvement assessments that ranged from \$46.64 to \$70.29 per square foot of living area. The subject's improvement assessment of \$67.31 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
