

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Carlson
DOCKET NO.: 21-46387.001-R-1
PARCEL NO.: 13-21-222-009-0000

The parties of record before the Property Tax Appeal Board are Gary Carlson, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates Attorneys, PLLC in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,624
IMPR.: \$29,000
TOTAL: \$44,624

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is an approximately 109-year-old, three-story, multi-family dwelling of masonry construction containing 2,875 square feet of living area. Features of the dwelling include a full unfinished basement and three full bathrooms. The property has a 5,580 square foot site located in Chicago, Jefferson Township, Cook County. The property is a Class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six class 2-11 equity comparable properties with varying degrees of similarities to the subject. Appellant reported that the submitted comparable properties were located within a 0.23 to a 1.83-mile radius of the subject. Two comparable properties were in the same subarea as the subject. Appellant disclosed that they had

improvement assessments that ranged from \$9.68 to \$10.11 per square foot of living area. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$44,144.

The board of review submitted its "Board of Review Notes on Appeal" and an assessment equity grid that referenced a property other than the subject. There is no evidence to support the board of reviews assessment of the subject in the record.

Prior to a February 25, 2025, hearing date the parties agreed to waive hearing and have a decision rendered based on the previously submitted evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof, and that a reduction in the subject's assessment is warranted.

The parties submitted eight class 2-11 equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be *appellant's comparable properties #1 through #6* These comparable properties were most similar with the subject and had improvement assessments that ranged from \$9.68 to \$10.11 per square foot of living area. The subject's improvement assessment of \$18.56 per square foot of living area falls above the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is not supported. The Board finds that the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
