

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Connolly
DOCKET NO.: 21-46460.001-R-1
PARCEL NO.: 25-07-314-018-0000

The parties of record before the Property Tax Appeal Board are Brian Connolly, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,562
IMPR.: \$29,437
TOTAL: \$37,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,594 square feet of living area. The dwelling is approximately 94 years old. Features of the home include an unfinished basement, one fireplace and a 2-car garage. The property has an approximately 6,850 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry or frame exterior construction ranging in size from 2,230 to 2,591 square feet of living area. The homes range in age from 92 to 103 years old. One comparable has a basement, one property has a crawl space

foundation and two comparables have concrete slab foundations. Comparable #1 has central air conditioning and one fireplace. The comparables have improvement assessments ranging from \$11,257 to \$23,750 or from \$5.05 to \$9.36 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$23,917 or \$9.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,999. The subject property has an improvement assessment of \$29,437 or \$11.35 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and where three comparables are also located on the same block as the subject. The comparables are improved with 2-story class 2-06 dwellings of masonry exterior construction ranging in size from 2,392 to 2,775 square feet of living area. The homes range in age from 84 to 103 years old. Each comparable has a basement, one of which has finished area. Each dwelling has one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$29,375 to \$37,352 or from \$12.28 to \$14.05 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 which appears to be an outlier based on its per square foot improvement assessment when compared to other properties in the record. The Board gives less weight to appellant comparables #2, #3 and #4 which differ from the subject in foundation type. The Board also gives less weight to board of review comparable #1 which has a finished basement in contrast to the subject's unfinished basement. The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$29,375 to \$36,375 or from \$12.28 to \$14.05 per square foot of living area. The subject's improvement assessment of \$29,437 or \$11.35 per square foot of living area falls within the range established by the best comparables in this record on an improvement assessment basis and below the range on a per square foot basis. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
