

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Morgan
DOCKET NO.: 21-46462.001-R-1
PARCEL NO.: 14-32-112-010-0000

The parties of record before the Property Tax Appeal Board are Keith Morgan, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,200
IMPR.: \$148,800
TOTAL: \$186,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,560 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 2,976 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story or 3-story dwellings of masonry exterior construction ranging in size from 3,369 to 3,785 square feet of living area. The dwellings are 16 to 26 years old. The appellant reported in the finished basement area section of the grid analysis

as three being full and one as a slab. Each comparable has central air conditioning and one or two fireplaces. The comparables have improvement assessments ranging from \$116,750 to \$139,838 or from \$33.79 to \$36.95 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,000. The subject property has an improvement assessment of \$148,800 or \$41.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 3,288 to 3,729 square feet of living area. The dwellings are 16 to 22 years old and have full basements, three of which have finished area. Each comparable has central air conditioning, one to three fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$140,800 to \$166,425 or from \$42.00 to \$46.27 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due differences in age and/or lack of a garage amenity when compared to the subject. In addition, three comparables are 3-story dwellings when compared to the subject's 2-story dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are more similar to the subject in location, style, age, dwelling size and features. However, three comparables have finished basement area suggesting downward adjustments are necessary to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$140,800 to \$166,425 or from \$42.00 to \$46.27 per square foot of living area. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
