

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Bai
DOCKET NO.: 21-46729.001-R-1
PARCEL NO.: 14-33-125-036-0000

The parties of record before the Property Tax Appeal Board are Linda Bai, the appellant, by attorney Joanne Elliott, of Elliott & Associates Attorneys, PLLC in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,062
IMPR.: \$74,842
TOTAL: \$98,904

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,920 square feet of living area. The dwelling is approximately 133 years old. Features of the home include a full basement that is finished with a recreation room and central air conditioning. The property has a 1,925 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from .51 to .72 of a mile from the subject. The comparables are class 2-05 properties improved with 2-story dwellings of masonry, frame, or frame and masonry exterior construction ranging in size from

1,796 to 2,104 square feet of living area. The dwellings are 119 to 134 years old and have partial or full unfinished basements. Two comparables have central air conditioning. Comparable #1 has a fireplace and a 2-car. The comparables have improvement assessments ranging from \$46,625 to \$65,488 or from \$22.55 to \$31.47 square feet of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,904. The subject property has an improvement assessment of \$74,842 or \$38.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject and located ¼ of a mile from the subject. The comparables are class 2-05 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 1,610 to 1,680 square feet of living area. The homes are 130 to 139 years old and have partial or full basements finished with recreation rooms. Comparable #1 has two fireplaces and comparable #3 has central air conditioning. The comparables have improvement assessments ranging from \$68,699 to \$78,509 or from \$42.25 to \$48.76 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparables for the Board's consideration. The Board finds both parties presented comparables with varying degrees of similarity to the subject in location, age, dwelling size and features. For example, the appellant's comparables are more similar in dwelling size but have unfinished basements while the board of review comparables have finished basement area but are less similar in dwelling size when compared to the subject. Nevertheless, the Board gives less weight to appellant's comparable #1 which has a 2-car garage unlike the subject.

The Board finds the best evidence of equity to be the parties' remaining comparables which have varying degrees of similarity to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$52,125 to \$78,509 or from \$29.02 to \$48.76 per square foot of living area, respectively. The subject's improvement assessment of \$75,800 or \$30.08 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
