

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Kaste
DOCKET NO.: 21-46792.001-R-1
PARCEL NO.: 10-20-413-025-0000

The parties of record before the Property Tax Appeal Board are Brad Kaste, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,049
IMPR.: \$18,806
TOTAL: \$23,855

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,077 square feet of living area. The dwelling is approximately 68 years old. The home features a partial unfinished basement, central air conditioning, 1 full bathroom and a 1.5-car garage.¹ The property has a 6,312 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. According to the photographic evidence presented by the appellant, the

¹ The board of review disclosed the subject dwelling has an unfinished basement and the property has a 1.5-car garage, which were unrefuted by the appellant.

comparables are improved with 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction. The dwellings range in size from 1,260 to 1,418 square feet of living area and are from 62 to 68 years old. The appellant reported that each comparable has a full basement with finished area and either 1½, 2 or 2½ bathrooms. Three comparables each have central air conditioning and a fireplace. The appellant did not provide data concerning garages, if any, of the comparables. The comparables have improvement assessments that range from \$10,901 to \$19,016 or from \$8.65 to \$13.65 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$14,066 or \$13.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,855. The subject property has an improvement assessment of \$18,806 or \$17.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located either on the same street and within the same block as the subject or approximately ¼ of a mile from the subject property. The comparables are improved with 1-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,056 to 1,179 square feet of living area. The dwellings are from 59 to 68 years old. One comparable has a crawl space foundation and three comparables each have a full or partial basement, one of which has finished area. Three comparables have central air conditioning, each comparable has 1 or 1½ bathrooms and two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$19,242 to \$21,616 or from \$17.80 to \$19.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes and/or dissimilar 1.5-story design, when compared to the subject.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are more similar to the subject in location, dwelling size, design and age. However, the comparables have varying degrees of similarity when compared to the subject in foundation type and features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these four comparables have

improvement assessments ranging from \$19,242 to \$21,616 or from \$17.80 to \$19.45 per square foot of living area. The subject's improvement assessment of \$18,806 or \$17.46 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
