

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Rudnick
DOCKET NO.: 21-47355.001-R-1
PARCEL NO.: 17-03-200-050-0000

The parties of record before the Property Tax Appeal Board are William Rudnick, the appellant, by attorney Craig J. Donnewald, of Finkel Martwick & Colson, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,325
IMPR.: \$157,160
TOTAL: \$200,485

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 3,501 square feet of living area. The dwelling is approximately 153 years old. Features include a full basement with finished area,¹ central air conditioning, two fireplaces, and a 1-car garage. The property has a 1,733 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property detail printouts from the Cook County Assessor's Office which were analyzed to verify/correct/update data in the Section V grid analysis, on seven equity comparables with the

same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-10 townhomes of masonry exterior construction ranging in size from 2,997 to 3,931 square feet of living area. The dwellings range in age from 121 to 140 years old. Six comparables each have a full or partial basement, three of which have finished area. Three comparables each have central air conditioning. Three comparables each have from one to three fireplaces. Three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$85,816 to \$157,000 or from \$26.99 to \$42.55 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,485. The subject property has an improvement assessment of \$157,160 or \$44.89 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property as well as being located on the same tax block or approximately ¼ of a mile from the subject. The comparables are improved with 3-story, class 2-10 townhomes of masonry exterior construction ranging in size from 3,399 to 3,689 square feet of living area. The dwellings range in age from 123 to 135 years old. Each comparable has a full basement, two of which have finished area. Three comparables each have central air conditioning and from a 1-car to a 3-car garage. Two comparables have either two or three fireplaces. The comparables have improvement assessments ranging from \$154,400 to \$197,150 or from \$45.40 or \$55.91 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #4 due to substantial differences from the subject in design, dwelling size, central air conditioning, foundation type, basement finish, and/or lack of a garage amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, dwelling size, and most features. The comparables have improvement assessments of \$181,500 and \$197,150 or \$49.20 and \$55.91 per square foot of living area. The subject's improvement assessment of \$157,160 or \$44.89 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering appropriate adjustments to the two best

comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
