

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zerafin Gonzalez
DOCKET NO.: 21-47692.001-R-1
PARCEL NO.: 19-14-314-025-0000

The parties of record before the Property Tax Appeal Board are Zerafin Gonzalez, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,125
IMPR.: \$10,400
TOTAL: \$13,525

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,008 square feet of living area. The dwelling is approximately 100 years old. Features of the home include a basement and a 2-car garage.¹ The property has a 3,125 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes² of frame or masonry exterior construction

¹ The Board finds the subject has a 2-car garage as indicated by the appellant in Section III of the appeal petition and the board of review's grid analysis, despite this feature being omitted from the appellant's grid analysis.

² The Board finds the comparables are 1-story homes based on the photographs submitted by the appellant.

ranging in size from 1,008 to 1,506 square feet of living area. The dwellings range in age from 98 to 110 years old. Three homes each have a basement and one home has a crawl space foundation. The comparables have improvement assessments of either \$7,313 or \$11,875 or from \$7.25 to \$8.26 per square foot of living area.

The appellant submitted a final decision of the board of review disclosing the subject's total assessment of \$17,000. In the appeal petition, the appellant reported the subject has an improvement assessment of \$13,875 or \$13.76 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$8,004.

The board of review submitted its "Board of Review Notes on Appeal". In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story, class 2-03 homes of masonry exterior construction with 1,008 or 1,028 square feet of living area. The dwellings range in age from 91 to 97 years old. Each home has a basement and a 2-car garage. The comparables have improvement assessments ranging from \$10,206 to \$10,380 or from \$10.08 to \$10.30 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial differences from the subject in dwelling size, foundation type, and/or garage amenity. The Board finds the best evidence of assessment equity to be the board of review's comparables which are similar or identical to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$10,206 to \$10,380 or from \$10.08 to \$10.30 per square foot of living area. The subject's improvement assessment of \$13,875 or \$13.76 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
