

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tomas Stirbys
DOCKET NO.: 21-47860.001-R-1
PARCEL NO.: 18-31-107-009-0000

The parties of record before the Property Tax Appeal Board are Tomas Stirbys, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,338
IMPR.: \$54,744
TOTAL: \$73,082

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,526 square feet of living area. The dwelling is approximately 28 years old. The home features a full unfinished basement, central air conditioning, three full bathrooms, a half bathroom, two fireplaces and a 3-car garage. The property has a 25,295 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code and property classification code as the subject. According to the property detail printouts provided by the appellant, the comparables are improved with two-story, single-family dwellings of frame and masonry

exterior construction ranging in size from 4,231 to 4,471 square feet of living area. The dwellings are from 28 to 36 years old. The comparables each have a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning, two or three full bathrooms, one half bathroom, one or two fireplaces and a 3-car garage. The comparables have improvement assessments that range from \$47,959 to \$51,102 or from \$10.75 to \$11.43 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$50,555 or \$11.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,082. The subject property has an improvement assessment of \$54,744 or \$12.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are either located within the same block as the subject or approximately ¼ of a mile from the subject property. The comparables are improved with two-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 4,266 to 4,525 square feet of living area. The dwellings are from 4 to 35 years old. The comparables each have a full unfinished basement, central air conditioning, two or three full bathrooms, one or two half bathrooms, one or two fireplaces and either a 3.5-car or a 4-car garage. The comparables have improvement assessments that range from \$56,614 to \$91,027 or from \$13.27 to \$21.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to board of review comparable #2 due to its considerably newer dwelling age, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's three comparables, along with board of review comparables #1, #3 and #4, which have the same assessment neighborhood code and property classification code as the subject. These six comparables are overall most similar to the subject in dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$47,959 to \$65,528 or from \$10.75 to \$14.48 per square foot of living area. The subject's improvement assessment of \$54,744 or \$12.10 per square foot of living area falls within the range established by the best comparables in

the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
