

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alvan Leung
DOCKET NO.: 21-48290.001-R-1
PARCEL NO.: 17-29-425-071-0000

The parties of record before the Property Tax Appeal Board are Alvan Leung, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,500
IMPR.: \$21,253
TOTAL: \$32,753

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,162 square feet of living area. The dwelling is approximately 23 years old. The home features a full basement, 1½ bathrooms and central air conditioning. The property has a 2,875 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located from .15 to .55 of a mile from the subject property. The comparables are improved with one-story dwellings of masonry exterior construction

ranging in size from 1,080 to 1,202 square feet of living area. The dwellings are from 19 to 30 years old. The comparables each have a full basement, three of which are finished with a formal recreation room. Each comparable has 1½ or 2 bathrooms and a fireplace. Four comparables have central air conditioning and one comparable has a 2-car garage. The comparables have improvement assessments that range from \$18,400 to \$22,200 or from \$17.04 to \$19.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,253 or \$18.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,715. The subject property has an improvement assessment of \$25,215 or \$21.70 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately ¼ of a mile from the subject property, one of which is also along the same street as the subject. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,060 to 1,214 square feet of living area. The dwellings are from 22 to 26 years old. The comparables each have a full basement, one of which is finished with a formal recreation room. Each comparable has either 1½, 2 or 2½ bathrooms, central air conditioning and either a 2-car or a 2½-car garage. The comparables have improvement assessments that range from \$23,000 to \$28,541 or from \$21.70 to \$24.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #4, as well as the four comparables submitted by the board of review, which have a garage, unlike the subject or the dwelling lacks central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #5, which have the same assessment neighborhood code and property classification code as the subject. These three comparables are overall more similar to the subject dwelling in size, design, age and many features. These three comparables have improvement assessments ranging from \$21,600 to \$21,960 or from \$17.97 to \$19.26 per square foot of living area. The subject's improvement assessment of \$25,215 or \$21.70 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the

best comparables for differences from the subject, the Board finds the subject's assessment is excessive. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
