

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sinuo Xu
DOCKET NO.: 21-48299.001-R-1
PARCEL NO.: 17-32-117-010-0000

The parties of record before the Property Tax Appeal Board are Sinuo Xu, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,016
IMPR.: \$46,127
TOTAL: \$57,143

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,051 square feet of living area. The dwelling is approximately 17 years old. The home features a full basement, 3½ bathrooms, central air conditioning, one fireplace and a 2-car garage. The property has a 2,754 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located from .43 to .71 of a mile from the subject property. The comparables are improved with two-story dwellings of masonry exterior construction

ranging in size from 2,071 to 2,240 square feet of living area. The dwellings are from 11 to 13 years old. The comparables each have a full basement, three of which are finished with a formal recreation room. Each comparable has 2 or 2½ bathrooms, central air conditioning and a fireplace. Four comparables each have either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$31,836 to \$39,832 or from \$14.21 to \$18.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,862 or \$16.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,143. The subject property has an improvement assessment of \$46,127 or \$22.49 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block as the subject property, three of which are also along the same street as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction containing 2,051 or 2,116 square feet of living area. The dwellings are each 17 years old. The comparables each have a full basement, one of which is finished with a formal recreation room. Each comparable has 3½ bathrooms, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$47,652 to \$48,984 or from \$22.52 to \$23.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are less similar to the subject in location and/or dwelling size than are the comparables submitted by the board of review. Additionally, three of the five comparables have basement finish, unlike the subject and one comparable has no garage, a feature of the subject. The Board has also given less weight to board of review comparable #4, which has basement finish, not a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which have the same assessment neighborhood code and property classification code as the subject. These three comparables are overall most similar to the subject in location and identical to the subject dwelling in size, design, age and features. The comparables have improvement assessments of \$47,984 and \$48,984 or \$23.40 and \$23.88 per square foot of living

area. The subject's improvement assessment of \$46,127 or \$22.49 per square foot of living area is less than the three best comparables in the record both in terms of total improvement assessment and on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
