

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Brennan  
DOCKET NO.: 21-48325.001-R-1  
PARCEL NO.: 20-04-116-002-0000

The parties of record before the Property Tax Appeal Board are Kenneth Brennan, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,750  
**IMPR.:** \$29,250  
**TOTAL:** \$32,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,119 square feet of living area. The dwelling is approximately 143 years old.<sup>1</sup> Features include an unfinished basement, central air conditioning, and a 2-car garage. The property has a 2,750 square foot site and is located in Chicago, Lake Township, Cook County. The subject dwelling is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are

improved with class 2-05, two-story dwellings of frame exterior construction ranging in size from 1,976 to 2,168 square feet of living area. The dwellings are from 124 to 142 years old and have unfinished basements. The comparables have improvement assessments ranging from \$16,875 to \$18,775 or from \$7.88 to \$9.10 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$18,245.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$29,250 or \$13.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-05, two-story dwellings of frame exterior construction ranging in size from 1,836 to 2,168 square feet of living area. The dwellings are from 138 or 143 years old and have unfinished basements. Three comparables each have central air conditioning, and each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$27,725 to \$32,100 or from \$13.83 to \$16.82 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #1 which are less similar to the subject because they lack central air conditioning and/or a garage, unlike the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3 and #4. These comparables are similar to the subject in location, age, dwelling size and other features. These comparables have improvement assessments ranging from \$27,725 to \$32,100 or from \$14.61 to \$16.82 per square foot of living area. The subject's improvement assessment of \$29,250 or \$13.80 per square foot of living area falls below the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
