

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Abramovitz
DOCKET NO.: 21-48410.001-R-1
PARCEL NO.: 12-12-107-062-0000

The parties of record before the Property Tax Appeal Board are Lawrence Abramovitz, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,248
IMPR.: \$25,428
TOTAL: \$35,676

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,744 square feet of living area. The dwelling is approximately 77 years old. Features of the home include a full unfinished basement, central air conditioning, and a 3-car garage. The property has a 5,124 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located .6 of a mile to 1.2 miles from the subject. The comparables are class 2-03 properties improved with 1.5-story dwellings of masonry or frame and masonry exterior construction that range in size

from 1,332 to 1,710 square feet of living area. The dwellings are 68 to 80 years old and have full basements. The appellant did not disclose whether the comparables have finished basement area. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. Comparable #1 has a fireplace. The comparables have improvement assessments ranging from \$15,434 to \$21,190 or from \$11.59 to \$12.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,676. The subject property has an improvement assessment of \$25,428 or \$14.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within a ¼ of mile from the subject. The comparables are class 2-03 properties improved with 1.5-story dwellings of masonry exterior construction ranging in size from 1,560 to 1,728 square feet of living area. The homes are 68 or 77 years old and have full basements, with two having finished area. Two comparables have central air conditioning. Comparable #3 has a fireplace. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$29,593 to \$32,080 or from \$17.63 to \$19.94 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 which is located over 1 mile away from subject and less proximate to the subject than the other comparables in the record. The Board gives less weight to appellant's comparables #2 and #3 which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are more similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments ranging from \$29,593 to \$32,080 or from \$17.63 to \$19.94 per square foot of living area. The subject's improvement assessment of \$37,271 or \$22.51 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
