

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kaled Abdelal
DOCKET NO.: 21-48411.001-R-1
PARCEL NO.: 13-20-327-025-0000

The parties of record before the Property Tax Appeal Board are Kaled Abdelal, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,584
IMPR.: \$16,929
TOTAL: \$27,513

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,425 square feet of living area. The dwelling is approximately 92 years old. Features of the home include a full unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located .4 of a mile to 1.3 miles from the subject. The comparables are class 2-03 properties improved with 1.5-story dwellings of masonry or frame and masonry exterior construction that range in size

from 1,187 to 1,635 square feet of living area. The dwellings are 97 to 102 years old and have full basements. The appellant did not disclose whether the comparables have finished basement area. One comparable has central air conditioning and two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$11,308 to \$15,736 or from \$9.02 to \$9.62 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,513. The subject property has an improvement assessment of \$16,929 or \$11.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on same block and street as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,202 to 1,369 square feet of living area. The homes are 83 to 92 years old and have full unfinished basements. Comparable #4 has a fireplace. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$18,505 to \$20,416 or from \$14.72 to \$16.15 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #3 which are located at least 1 mile away from subject and less proximate to the subject than the other comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the board of review comparables which are more similar in location and relatively similar to the subject in age, dwelling size and features. The comparables have improvement assessments ranging from \$15,736 to \$20,416 or from \$9.62 to \$16.15 per square foot of living area. The subject's improvement assessment of \$16,929 or \$11.88 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
